Yasmine Emily Biaz

Experience

Bass Connections Researcher, Duke-DKU Presence Lab

May 2026 – Present

- ❖ Researching and prototyping approaches like AR to create immersive virtual environments that connect Duke and DKU communities.

NSF ML Research Intern, UNC Charlotte Phyloinformatics Lab

May 2026 – July 2026

- ❖ Automated and facilitated a tool for external support of evolutionary trees by implementing a LightGBM alternative.
- ❖ Engineered ML model evaluation workflows in Python to test model robustness across simulated and real-world datasets.

Treasurer → President → Vice President, DKU Ceramics Club

Nov 2024 – Present

- ❖ Advocated for a creative space to host affordable on-campus workshops and collaborated with a local Chinese studio to organize bi-weekly trips.

STEM Nights Facilitator, Technology Student Association

Sept 2021 – Apr 2024

- ❖ Led hands-on, accessible stations teaching engineering principles to 700+ local elementary schoolers.

Projects

Spelling Bee Companion, DKU Personal Project

Jan 2026 – March 2026

- ❖ Built a Python companion that reconciles solutions with NYT's unpublished word list.
- ❖ Sized hints to word difficulty with a scikit-learn logistic-regression model.

Database Engineer, DKU Events Interface Project

Oct 2025 – Dec 2025

- ❖ Developed a centralized database and platform using SQL, Python, and JavaScript to streamline campus event announcements and recommendations.

Education

Duke Kunshan University

Dual-Diploma with Duke University

GPA: 3.76

Bachelor of Science, Computation and Design/Computer Science '28

Coursework: Algorithms, Databases, Discrete Math, Data Visualization

Auburn High School, Alabama

International Baccalaureate Recipient

GPA: 4.47
