Experience

Bass Connections Researcher, Duke-DKU Presence Lab
May 2026 - Present

- ❖ Designing and developing interactive virtual environments and interfaces to more innovatively connect digital communities.

NSF ML Research Intern, UNC Charlotte Phyloinformatics Lab
May 2026 - July 2026

- ❖ Engineered ML model evaluation workflows in Python to test model robustness across simulated and real-world datasets and automate a tool for external supporting evolutionary trees.

Database Engineer, DKU Events Interface Project
Oct 2025 - Present

- ❖ Architecting a centralized database and platform using SQL, Python, and Javascript to streamline event announcements and track real-time analytics for 2,000+ users.

Treasurer, President, , DKU Ceramics Club
Nov 2024, Jan 2026 - Present

- ❖ Advocated for a dedicated creative space to host affordable on-campus workshops and collaborate with local Chinese studio to organize trips and mentoring sessions.

UX Designer, AHS Game Design Club
Aug 2023 - May 2024

- ❖ Developed game wireframes with peers, focused on maximizing player engagement.

Co-President & -Editor, *The Sheet* Literary & Art Magazine
Aug 2022 - Apr 2024

- ❖ Led the design vision for the magazine; managed a team of writers and secured local sponsors to support our writing competitions.
- ❖ Interviewed Morningside Retirement Community residents to transpose their stories to poetry and art as keepsakes.

STEM Nights Facilitator, Technology Student Association
Sept 2021 - Apr 2024

- ❖ Led hands-on, accessible stations to teach fundamental engineering principles to 700+ local elementary schoolers.

Education

Duke Kunshan University
Dual-Diploma with Duke University
Bachelor of Science, Computation and Design/Computer Science '28

Auburn High School
International Baccalaureate Recipient
